Subject: 2020-21 School Year Update – August 11

Dear Santee Families,

This is Dr. Baranski, Superintendent of Santee School District. I'm calling to remind you that our school year begins just one week from tomorrow on Wednesday, August 19. As you know, all children will begin their education this year in a distance learning format.

During the next couple of days, you'll receive a follow up message from your child's school with details on student iPad distribution and about distance learning schedules for next week. We will be posting classroom enrollments by 6 pm on Monday, August 17 and your child's teacher will email you by 2 pm on August 18 with a reminder of the schedule for August 19 – 21. Students in our long-term distance learning program will receive the same messages.

We continue to post updated information about our distance learning program on the main page of our website along with updated FAQs and other content related to the school year like our new social-emotional learning curriculum. In addition to this content, we will be posting all the school iPad distributions dates and times by the end of this week.

I hope you and your children have a wonderful school year in Santee School District. Our staff is ready to welcome you with open arms, even if that needs to be **virtually for now**.

Sincerely,

Dr. Kristin Baranski
Superintendent
