**From:** District Office <info@santeesd.net>

**Subject:** 2020-21 School Reopening Timeline – September 2

---

*Hello Santee School District Parents,*

*As many of you know, schools in San Diego County were officially allowed to reopen as early as yesterday, September 1.*

*We discussed our re-opening timeline at last night's Board of Education meeting and have posted updated information regarding timelines for student return and school hybrid schedules on our District webpage. Parents of students who receive special education services through a special day class format will be receiving a letter from our special education department today via email.*

*Principals will be sending out a communication to parents next week regarding the AM/PM hybrid schedules and student cohorts assigned in each cohort. These schedules will be posted on Friday, September 11. Staff has been working on these schedules and maintaining student siblings in the same cohort time.*

*Parent and student educational materials will be coming your way over the next couple weeks about our safe re-entry on campuses this month. We are looking forward to having the children back at school and I hope they are too.*

*Have a great evening.*

Dr. Kristin Baranski  
Superintendent
