To: All Santee School District Employees
From: Dr. Kristin Baranski, Superintendent
Subject: **Update - School Closures**

Date: April 8, 2020

We are sending the letter attached to all parents this evening around 4 p.m. **Please do not share any content with our families, if asked, until after 5 p.m.**

My school messenger will include the three-page letter and the following content as an introduction to the letter:

- On April 1, Governor Newsom shared that all school facilities in the State of California should be closed for the rest of the school year, and all districts should fully commit to distance learning for the remainder of the school year. You will hear different information from districts on their interpretation of this information. **We were told this is not a State directive at this time.** Santee School District will re-open this school year if our local Public Health Department deems it is safe to re-open before June 10.
- If you want to pick up your child's iPad on Monday, April 13 and you have not submitted this need on our student technology needs survey yet, we are keeping the survey open another day, until April 9 at 3 p.m. We are planning our distribution based on survey response.

I'll include the survey link for families again here too.
