

Meet Ms. Sweetman

Welcome to
Room 204!

Hello and welcome to the 2019-2020 school year! I am overjoyed to join the middle school team at Hill Creek School. I recently completed Cal Poly, San Luis Obispo's Multiple Subject Teacher Preparation program while student-teaching in 3rd and 6th grade classrooms at

Harloe Elementary School. Before completing the program, I received a B.S. in Liberal Studies from Cal Poly with a concentration in the Spanish language. I enjoyed my time in San Luis Obispo, but I am excited for a new chapter here in San Diego!

I have had a passion for working with children for as long as I can remember. One of my biggest goals as an educator is to teach children to love learning. When I am not teaching, you can find me reading a good book, spending time outdoors, exercising, or listening to music. I am excited to share my enthusiasm for education while getting to know my students and watching them grow this year. Please, feel free to contact me with any questions or concerns. I am looking forward to a wonderful year!

Ms. Sweetman in 6th Grade

Math

This year we will learn about:

- Ratios & Proportional Relationships
- The Number System
- Expressions & Equations

- Earth/Space Science
- Life Science
- Physical Science
- Engineering Design Process

Journalism

This year we will learn about:

- Multimedia Production
- Newspaper Writing
- Reporting
- Broadcasting
- Editing

My Teaching Philosophy

I believe children learn best through meaningful, hands-on learning experiences with real-world application. It is my goal to provide all my students with quality educational experiences that refine critical thinking skills extending beyond the classroom. In turn,

I expect all my students to work with a growth mindset and contribute to our positive learning community.

"Education is the most powerful weapon which you can use to change the world."

Nelson Mandela
