Subject: **Update - School Closures**

Date: March 30, 2020

The San Diego County Public Health Department updated their health orders effective March 29. These revised orders are written “until further notice”:

Tomorrow’s update will be geared toward our plans for April 13 and beyond. We have a joint meeting with the San Diego County Office of Education and San Diego County Public Health Department in the early afternoon. If the information we hear remains consistent with the public health orders noted above, we’ll be able to send our planned message before close of business tomorrow.

After today’s food service by our nutrition department, Child Nutrition Services has served 10,000 meals.

Hope you are all well!
