

CHILD CARE AND DEVELOPMENT

The Governing Board desires to provide child care and development services which meet the developmental needs of children and offer a convenient child care alternative for parents/guardians in the community.

To the extent possible, child care and development services may be made available during the regular school day, before and after normal school hours, during school vacations and intersessions, and on weekends to meet community needs for extended service.

These services shall be available to preschoolers and children up to age 14.

The Superintendent or designee shall ensure that subsidized child care is provided to eligible families to the extent that state and/or federal funding is available and shall establish admissions priorities in accordance with Education Code 8263 and 5 CCR 18106. In addition to priorities for subsidized care, priority for admissions shall be given to district students and children of district employees.

The Superintendent or designee shall ensure that individuals working in child care and development programs have the necessary qualifications and have satisfied all legal requirements.
