

FACILITIES MASTER PLAN

The Governing Board recognizes the importance of long-range planning for school facilities in order to help meet the changing needs of district students and to help ensure that resources are allocated in an efficient and effective manner. To that end, the Board directs the Superintendent or designee to develop and maintain a master plan for district facilities.

The plan shall describe the district's anticipated short- and long-term facilities needs and priorities and shall be aligned with the district's educational goals.

The Superintendent or designee shall ensure that staff, parents/guardians, students, and business and community representatives are kept informed of the need for construction and modernization of facilities and of the district's plans for facilities. The Board may establish a facilities committee that shall meet at regular intervals in order to give community members opportunities to provide input into the planning process. The committee may consult local governmental and state planning agencies in order to ensure compliance with local and state standards.
