Scouting has been teaching boys to appreciate the outdoors, learn how to work with others, gain leadership skills, and make new friends since 1910. Each scout is part of a den of 5-8 boys their age that meet several times a month, and comes together as a pack with all ages once a month. Scouting is open to every boy, and you can join at any time. Financial assistance is available for uniforms and other supplies new scouts need.

Come to a Pack meeting to see what it's all about!
