

Momentum Tutoring

Why Momentum?

Momentum's main mission is to provide affordable, convenient, and effective academic mentoring. We prove to be effective through our ability to:

- boost self-esteem,
- reduce stress
- enhance student performance
- stay actively connected with the community

The student is always our top priority, and we do whatever we can to ensure our students' success. We offer academic assistance in reading, writing, math, study skills, and much more. We welcome all ages and abilities.

Please contact us to set up a consultation and see what we can do for your student.

"In a short amount of time my son went from below grade level reading and math to grade level and above! I honestly don't know what I would have done without them! I highly recommend Momentum Tutoring to everyone."

- Amy, parent of two boys

- Darlene, parent of two boys

Our Programs

One-on-One Private Tutoring

A qualified tutor works one-on-one with a student to improve academic skills, boost student self-esteem, and enhance the quality of school assignments.

Homework Clinic

Students are encouraged to work on homework and grade level skills in a well supplied and structured environment. Tutors teach study skills for independent practice of basic reading, writing, and math.

Please check our website or call us for our most up-to-date prices.

"Thank you for identifying the need for affordable tutoring and for filling it so exquisitely with the bright young tutors of Momentum Tutoring. Momentum Tutoring is making a difference in our children's lives!"
