### **Review of 2012-2013 Committee Work**

Kristin reviewed the deliverables identified from 2012-2013 and the 21<sup>st</sup> Century skills rubric discussed at the May 2013 committee meeting.

### **Rubric Re-design**

Kristin discussed with the group how we'd like to take a new direction with the skills rubric this year. In lieu of determining proficiency levels for each of the 4C's, the group will create a holistic, interactive rubric. The work of the committee would be to identify multiple resources (videos, white papers, research links, etc.) for each of the skills within creativity, communication, collaboration, and critical thinking. The multiple resources would be linked on the rubric for teacher, administrator, and parent use.

Committee members agreed with the new direction and of the interactive rubric and began working in small groups on identifying resources. At the next committee meeting, members will continue to identify resources for this rubric.

**Next Meeting: November 14, 2013, 3:30 – 5:00 p.m.**
