2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Pepper Drive School is located in a quiet residential neighborhood of El Cajon, which is part of East San Diego County. As you enter our updated TK-8 campus, originally built in 1957, a sense of community, caring, and high expectations is evident. From the moment our day begins, you will see happy and eager students, involved parents, and a staff who enjoy their work. Pepper Drive is a place where learning is celebrated, excellence is expected, and parents, staff, and community work together to establish a caring, nurturing, and orderly environment for learning.

The Pepper Drive School family supports our common vision that, "At Pepper Drive School, we develop imaginative, independent, and responsible individuals who think critically and collaborate to make intentional contributions to positively impact our school and the global community." Our purpose is helping children achieve the goals set forth in our vision with high expectations as outlined in our rallying cry, "We are TIGERs. We show Teamwork, Integrity, Goals, Empathy, and Responsibility!"

Santee School District
"Where Young Minds Meet Open Doors"

Adopted March 5, 2019

MISSION STATEMENT

Providing an extraordinary education in an inspiring environment with caring people.

VISION STATEMENT

Unlocking the potential of tomorrow by building confident, innovative learners today.

BELIEF STATEMENTS

Children are our first priority. Therefore we believe....

All students can learn.

Student growth, academic performance, and positive personal development are the highest measures of student and district

2025-26 School Description and Mission Statement

success.

Trust, integrity, respect, citizenship, honesty, responsibility, commitment, and pride are the foundations on which our district is built.

Students should understand and respect the origin of the nation, the law of the land, and the principles of our democracy.

Parent and community involvement in our schools is crucial to the academic success of our students.

Knowledgeable, motivated, and inspired employees assure the success of our students.

Everyone has the right to learn and work in a safe, healthy, orderly, and clean environment.

The district operates efficiently and effectively through focused leadership, fiscal responsibility, and open communication, with a strong academic program as the top priority.

BOARD GOALS

Educational Achievement

Assure the highest level of educational achievement for all students.

Learning Environment

Provide a safe, engaging environment that promotes creativity, innovation, and personalized learning.

Fiscal Accountability

Financially support the vision, mission, and goals of the District by maximizing resources, controlling expenses, and managing assets to ensure fiscal solvency and flexibility.

Staff Development

Implement a staff development plan as the cornerstone of employee performance and growth.

Student Well-Being

Provide social, emotional, and health service programs, integrated with community resources, to foster student character and personal well-being.

School Facility Conditions and Planned Improvements

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Pepper Drive School's original facilities were built in 1957; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. The building of a new junior high facility started Summer, 2013, and was completed for the 2014-15 school year. Modernization of the administration building began in 2015, and was completed during the 2015-2016 school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, joining "Peppers Too!" our volunteer group which meets weekly, participating in a decision making group, or simply attending school events. As a schoolwide Title I School, we also have an articulated parent involvement policy that can be found on our school website: <https://pd.santeesd.net/>

Parents stay informed on upcoming events and school activities through flyers, the school website, social media, the school marquee, the school/district handbook, the school newsletter, and the School Messenger phone/email system. Interested individuals are encouraged to contact the school secretary for more information on how to become involved at 619-956-5100.

2025-26 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Pepper Drive School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed and updated by school staff in May 2024. Staff responsibilities and safety plan updates were discussed with staff in May 2024 and again in November 2024. The plan was reviewed and approved by the School Site Council on May 20, 2024.

Fiscal Year 2024-25 Types of Services Funded

Santee School District receives State and Federal funding. State funding, through the Local Control Funding Formula (LCFF), is allocated to a variety of funding sources based on the eight State priorities, District priorities, and annual stakeholder feedback. The eight State priorities are:

1. Basic Services
2. Implementation of Common Core Standards
3. Parent Involvement
4. Student Achievement
5. Student Engagement
6. School Climate
7. Course Access
8. Other Student Outcomes

Federal funding, Title I, Title II, and Title III, provides additional funding for intensive interventions, increased parental involvement, quality professional development for teachers and principals, and increased instructional support for English Learner students.

All funding sources are monitored and maintained through each school site's School Plan for Student Achievement and the District Local Control Accountability Plan.

Professional Development

For the 2024-2025 year, 80% of the days of Professional Development noted are partial days and 20% are full days. All training and curriculum development activities at Pepper Drive School support the implementation of quality instructional practices in order to access the curricular content with an emphasis on the California Standards in English Language Arts, Mathematics, and Science (Next Generation Science Standards) as guided by curricular frameworks. At Pepper Drive, certificated staff have 27 hours of professional learning time scheduled on site. These are considered partial days. Staff and administration define the use of these hours which are utilized for team meetings, whole staff professional learning, and interest-group meetings. Classified staff are also offered a variety of professional learning opportunities throughout the year involving their specializations from department supervisors and district representatives both on site and at the district.

Beyond the on-site professional learning, certificated staff members participate in centralized training at the district level. They attend professional conferences focused on increasing professional skills. They also have access to a group of teachers on special assignment that work as Curriculum Resource Teachers. One Curriculum Resource Teacher is now assigned to our school site. Using these resources, certificated staff can tailor professional learning to their immediate needs and receive small group and even one-on-one support. Also, certificated and classified staff may complete a personalized learning plan each year and receive compensation for professional learning outside contracted hours. Decisions concerning selection of staff development activities are performed by staff representatives, site administration, district administrators, using tools such as teacher input, district benchmark results, data analysis, and focus groups to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Pepper Drive School offers support to new and veteran teachers through peer coaching and mentoring. All staff are encouraged to actively grow professionally as lifelong learners.

This table displays the number of school days dedicated to staff development and continuous improvement.
